FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 effective March 1, 2008, sets the reimbursement guidelines for the disputes service.
3. 28 Texas Administrative Code §133.240, effective May 2, 2006 requires insurance carriers to audit medical bills and either make or deny payment for services.
4. Neither party to this dispute submitted copies of the explanation of benefits to support denial/reduction of payment for the disputed services.
5. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on March 11, 2011. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute

notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

Issues

1. Is the requestor entitled to reimbursement?

Findings

28 Texas Administrative Code §133.240(a) states "An insurance carrier shall take final action after conducting bill review on a complete medical bill, or determine to audit the medical bill in accordance with §133.230 of this chapter (relating to Insurance Carrier Audit of a Medical Bill), not later than the 45th day after the date the insurance carrier received a complete medical bill. An insurance carrier's deadline to make or deny payment on a bill is not extended as a result of a pending request for additional documentation." The requestor submitted supporting documentation that the disputed medical bill was submitted to the insurance carrier and that the respondent did not respond within the 45 day deadline with an explanation of benefits; therefore, the disputed service will be reviewed per Division rules and guidelines.

28 Texas Administrative Code §134.203(b) states "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers..."

CPT code 99211 is defined as "Office or other outpatient visit for the evaluation and management of an established patient, that may not require the presence of a physician or other qualified health care professional. Usually, the presenting problem(s) are minimal. Typically, 5 minutes are spent performing or supervising these services."

Per 28 Texas Administrative Code §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2010 DWC conversion factor for this service is 54.32.

The Medicare Conversion Factor is 36.8729

The Medicare participating amount for code 99211 is \$19.28.

Using the above formula, the MAR is \$29.03. The respondent paid \$0.00; therefore, \$29.03 is recommended for reimbursement.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$29.03.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$29.03 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
